GUL KASHMIR
PASHMINA COLLECTION

NARI
ethnic sense

In the 21st century the six continents of the fashion industry dominate the world more than they ever did, and created not only the way people dress but also create, in home ware design, makeup fashion and people's overall attitudes. In the 60s flower power did not only mean flowers and music, it scanned up the whole attitude of a generation, and this is even more prominent today.
