

A woman with dark hair and bangs stands in the center of a large, ornate archway made of light-colored stone. She is wearing a long, flowing dress with a pink and purple floral pattern and a wide, matching shawl draped over her shoulders. She is holding the ends of the shawl out to her sides. The archway is highly detailed with carvings, including sunburst motifs and floral designs. The background shows more of the building's facade, including a smaller archway and a black metal railing on the right side.
