ATTITUDE OF A GENERATION

In the end, copying the style trends of the fashion industry, through the world, may have been easy, and indeed, only the elite people have had the time, money, and connections to do so. But for the masses, it is a matter of attitude. It is not only the way people dress, it is the way they live. It is the way they think, and this is what makes a generation. It is the way they live, and this is what makes a generation. It is the way they think, and this is what makes a generation. It is the way they live, and this is what makes a generation.
